#### I INVITE EVERY WOMAN

Every woman is invited to consult our Staff of Physicians, Surgeons and Specialists, at the Invalids' Hotel and Surgical Institute, Buffalo, N.Y., by letter at my expense-R.V. PIERCE, M. D. There is every reason why women should not trust their delicate constitutions in the hands of unskilled persons. It requires a thorough medical education to appreciate and

understand the female organism. There is every reason why she should write a specialist. As a powerful, invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop-girls," housekeepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is unequaled as an appetizing cordial and restorative tonic.

It is not simply that there is more or less of skirmishing going on in our own country, as among the miners and the textile workers, or that Socialism is asserting itself on American ground with a tone that is increasingly distinct and determined.

The amount of floods, etc., and the government does the repairing. This year because of the war and because there is no government (at least in that section) the canal is being neglected. In normal years we are told on what we think is good authority that, of a grant from the government of say 100,000 tacls only 36,000 tacls reaches the hands and mouths of the actual laborers. In former years it has been the custom of famine relief committees to give food and money to those in actual need; this year because of the feeling that we ought to do something more than just give, the committee has decided to expend the money in food and give the food in payment for work performed under the supervision of a foreigner. Hence some of the reasons why I am not attempting to supervise the building of a new canal bank and at present have 1200 heads of families working, with the intention of adding 28,000 more heads of families to the work next week. Some job for a missionary doctor!
